

Breakfast Initiative Trial

Hello everyone.

I had a chat with a group of parents recently who would love to donate their time and resources in organising a breakfast program for students. With the current state of the economy and difficult times being faced by many families, especially leading up to Christmas, sometimes an important meal is missed, and it is this important meal that sets the students up for the day with energy and focus to best maximise their learning.

With this as the main focus, a small breakfast program will be trialled next Wednesday morning from 8.55am to 9.15am. This is the starting time for student supervision and then allowing time for students to eat and be ready for when the bell rings at 9.25am for the start of the school day. This is not a signal to allow students to be dropped off early for school. This is a program to help families that may be struggling to provide a morning meal. There is no cost to this program, it is being fully funded by parents with the hope that local businesses will be able to help make it a self funded program in 2023.

There will be toast available (butter/jam/vegemite), three different types of cereal, fruit, juice and milk. We are starting with a small menu while we trial the program. If you would like to contribute to the program in 2023 or help out in any way we would love to hear from you. Please contact the school in the new year when we ask for help once again.

Many Thanks, and thank you to our innovators and volunteers in bringing these types of initiatives to our attention. It is greatly appreciated.

Mr Mehmet
